

REMARKS

Specification Amendments

In reviewing the Application, it was noted that certain typographical errors occurred on page 15. Namely, that molecules have been used in place of the term "resins" and the percent was indicated as a mol % rather than a weight %. It is deemed that these are obvious clerical errors since the polyesters are referred to as polyester resins in the immediately preceding paragraph.

Respectfully, no new matter has been added by way of these amendments.

Conclusion

In view of the foregoing, it is respectfully submitted that the Application is in condition for allowance and such action is respectfully requested.

Should any fees or extensions of time be necessary in order to maintain this Application in pending condition, appropriate requests are hereby made and authorization is given to debit account 02-2275.

Respectfully submitted,
